## The 2011 Harbor Island Garden Club Tour of Homes, Friday, April 29th, 2011, will feature :

five spectacular Wrightsville Beach residences, including two custom-built coastal lifestyle retreats with lush tropical landscapes and the only home on the beach that boasts a synthetic turf lawn! Also featured are two of the most notable historic homes on Wrightsville; one oceanfront, the other channel front. Both of these homes are sure to delight, with local histories as captivating as their gorgeous views and landscapes. Two of this year's tour homes have been featured in major national publications! We, along with the gracious homeowners, cannot wait to share these charming local treasures with you!!

-Don't forget to wear comfortable walking shoes!!-
